■ Introduction

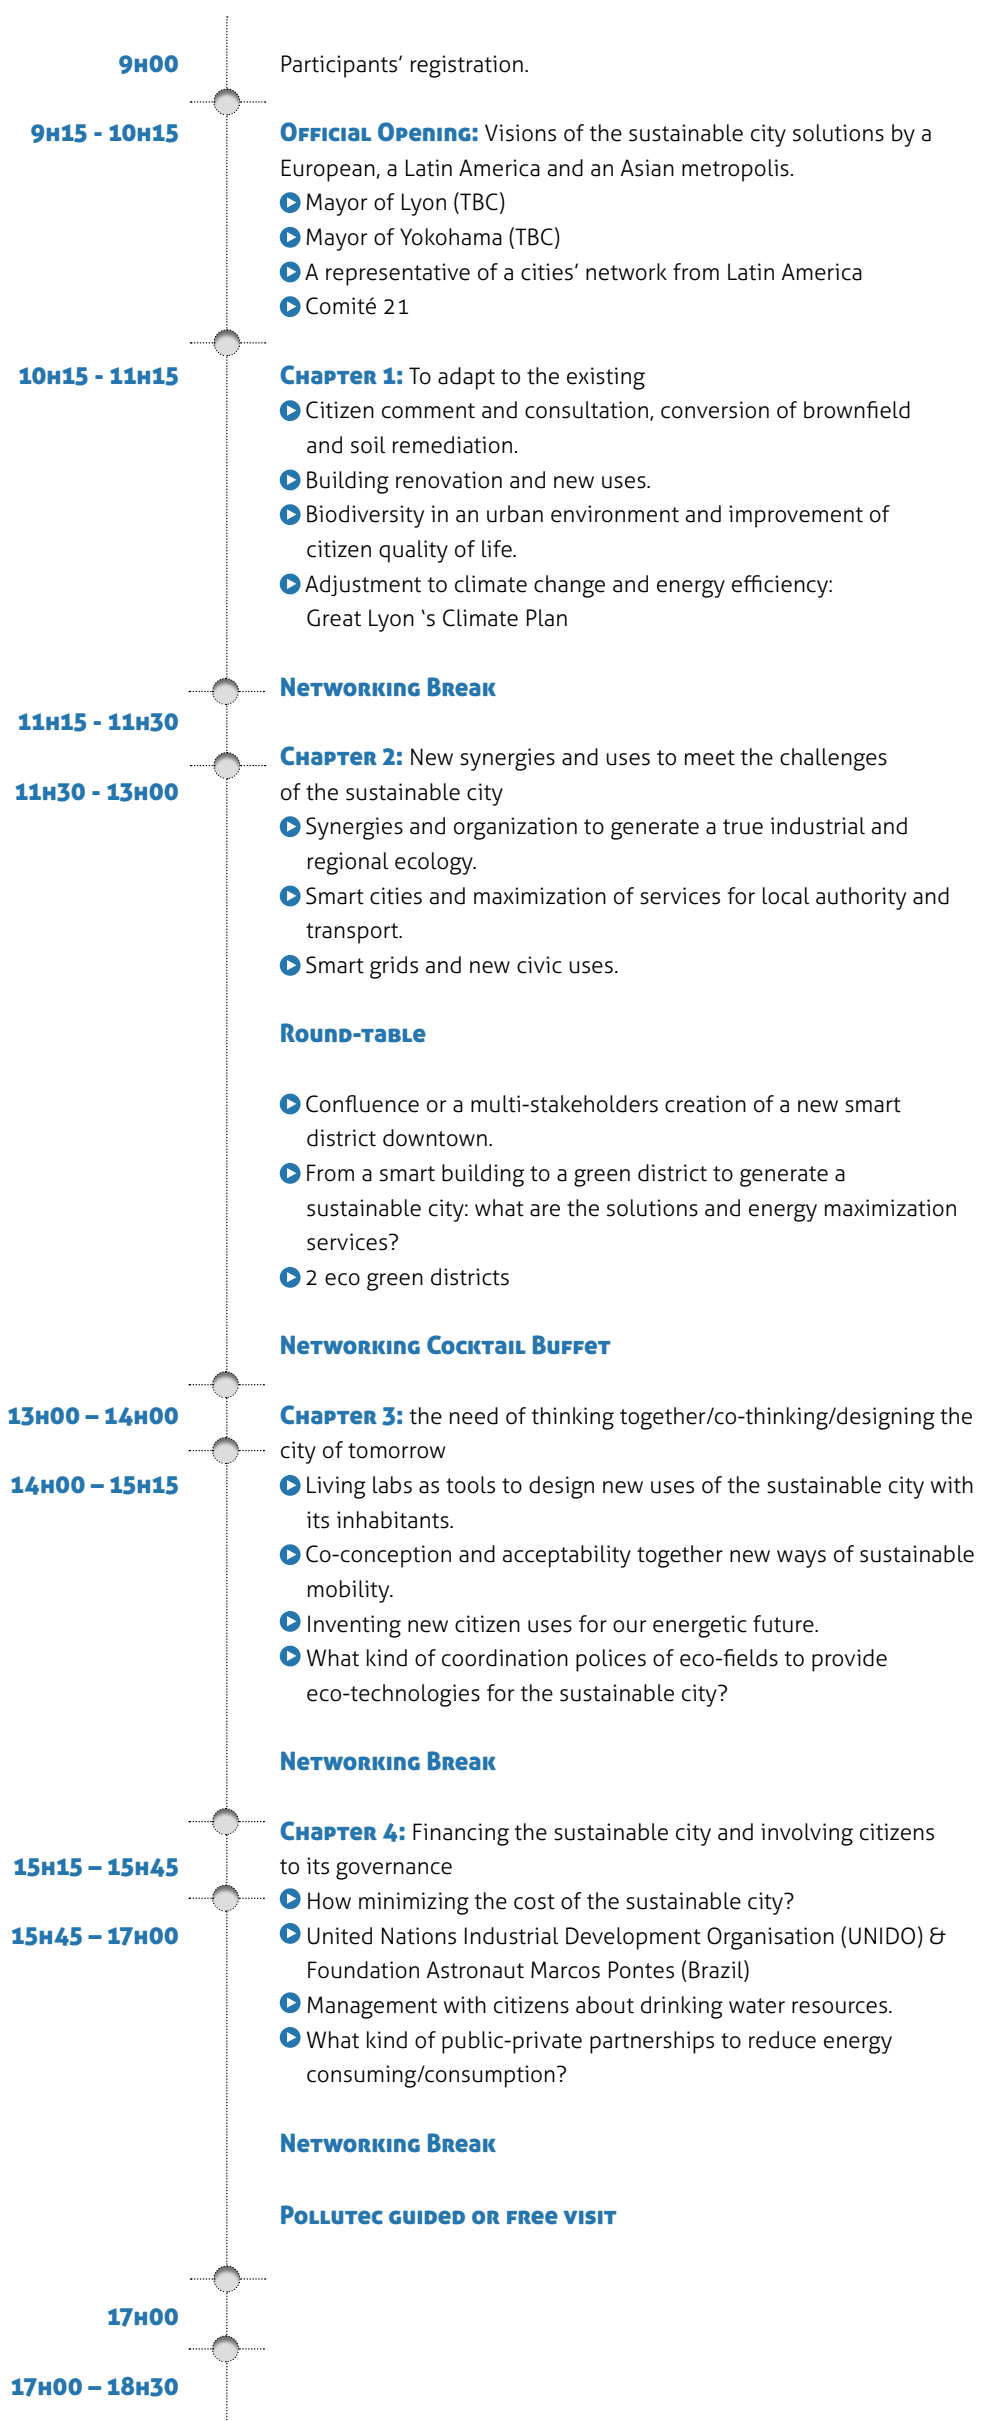

Pollutec 2012 welcomes a new event dedicated to sustainable city : “City Sustainable Solutions”, declined around two events: the first day dedicated to an international conference (at Eurexpo) and a second day of site visits in Rhône-Alpes. 150 to 200 representatives of local french and international territories as well as manufacturers will focus on best practices and solutions related to sustainable management of water, air, waste, soil and energy. To discuss this crucial topic for our future, the following criteria were selected: the need to adapt to the existing, co-designs and new uses, technological synergies, integrated management and governance.

Program committee

ADEME, ADVANCITY, AXELERA, COMITE 21, COSEI, ECOMAIRES Association, ERAI, Grand Lyon, French Ministry of Ecology, Sustainable Development, Transports and Housing, PEXE, United Nations Industrial Development Organisation, OREE, POLLUTEC (REED), Région Rhône-Alpes, TENERDIS.
